

Heading Into 2016, EEI Strengthens Their Leadership Team

March 14, 2016 08:25 ET | **Source:** Enterprise Engineering, Inc.

NEW YORK, March 14, 2016 (GLOBE NEWSWIRE) -- Enterprise Engineering, Inc. (EEI), a data solutions provider and trusted advisor to the Financial Industry, is pleased to announce two new leadership appointments; Susan Certoma to the newly created role of President and Andy Brown as our newest Board Member.

Before joining EEI, Ms. Certoma was President of the Wealth & Markets division at Broadridge, responsible for a \$300 million portfolio. She led their largest transaction processing platform driving bottom line growth, defining product strategy, architecting the platform and managing client relationships. Prior to Broadridge, Susan was the global Chief Information Officer for Wachovia's Corporate & Investment Bank. She has also held technology leadership positions at other leading financial firms including Goldman Sachs, Merrill Lynch, Lehman Brothers, and First Boston.

Appointing Certoma as President came naturally to George Anderson, Chairman & CEO, as he continues to focus his efforts onsite with key clients. "Having worked together at the world's best Financial Services companies, there is no better progression than having Susan join us as President."

As Certoma assumes her new role, she will focus on maintaining EEI's operational excellence while positioning the company for long-term growth.

Additionally, EEI has announced Andy Brown, the CEO and Co-founder of Sand Hill East, a niche strategic advisory firm, as their newest Board Member. Mr. Brown is also the founder and advisor of BizTectonics & Street Scale IT LLC. He is presently on the board of directors for Guidewire (GWRE), MoogSoft LTD, CTO Fintech Innovation Lab, and advises CS Technology LLC, Wickr, EXOU, Revolution Credit, Illumio, Lastline, LMRKTS, DA Holdings, PernixData and Zscaler.
